

To Whom It May Concern:

I had the opportunity to host Madison Comeaux at Rogers High School for the first two weeks of the school year from August 26 – September 13. She also volunteered to help out with our Elementary School Summer Camp from July 22 – August 2.

Madison was a huge help during the summer camp. I am a high school teacher for a reason, and she help work with the elementary kids as I worked with the high school students that were the counselors for the camp.

During the school year, Madison connected with the drama students in the short amount of time she was there. These connections are important in any subject, but especially in Drama. The kids listened to her and were happy to work with her.

I enjoyed hosting Madison and look forward to hearing about her future student teaching experiences wherever they may be.

Thank you,
